# Could have...

All the things I could have done  
Would have done  
Should have done  
If all the things I should have done  
Were possible to do

All the things I nearly said  
I wished I'd said  
Or hadn't said  
If all the words I could have said  
Were said from me to you

All the love I never shared  
I would have shared  
Gladly shared  
If all the love I never shared  
I'd shared firstly with me

All the hugs I longed to give  
I ached to give  
Freely to give  
If all the hugs I longed to give  
Were given, then truly hugged you'd be
